

TIMSHELDON AYIECHO OURE

Full Stack Developer

Nairobi, Kenya | +254791058879 | timsheldonoure1@gmail.com
linkedin.com/in/timsheldon-oure | timsheldonoure.vercel.app

PROFESSIONAL SUMMARY

Full-stack developer with experience building web applications using React, Node.js, MongoDB and Python/Django. Owns backend APIs, authentication, role-based access control, bookings, payment integrations and deployment. Integrated an AI marketing agent using the Anthropic API. Brings experience in internal workflow tools, accessible interfaces and translating stakeholder requirements into working software.

TECHNICAL SKILLS

Backend and data: Node.js, Python, Django, MongoDB, database modelling, REST APIs

Front end: JavaScript, TypeScript, React, Vue.js, Redux, HTML5, CSS3, Tailwind CSS

AI and access control: Anthropic API, LLM integration, AI-assisted code review, authentication, RBAC

Testing and delivery: Jest, React Testing Library, Git, CI/CD, deployment, Agile/Scrum, WCAG

PROFESSIONAL EXPERIENCE

Web Developer

The Bush Collection | Nairobi, Kenya / Remote | Jan 2025 - Oct 2026

- Built and maintained a full-stack hospitality platform serving 1,000+ daily users, using React, Node.js and MongoDB.
- Developed backend APIs and MongoDB data models for bookings, payments and application workflows.
- Implemented authentication and role-based access control, and managed application deployment.
- Integrated the Anthropic API to add an AI marketing agent to the platform.
- Reduced page load times by 30% through code splitting, lazy loading and bundle optimization.
- Built reusable React components with Redux and tested across browsers to resolve usability issues.

Full Stack Developer Intern

Plus W Inc. | Tokyo, Japan / Onsite | Nov 2024 - Dec 2024

- Developed full-stack features for international client projects, using Python and Django on the backend and React, Vue.js and TypeScript on the front end.
- Integrated REST APIs with asynchronous data handling and error handling; wrote Jest and React Testing Library tests, maintaining 90% code coverage.
- Collaborated with designers and developers across time zones through Agile sprints, code reviews and Git workflows.

Web Developer / IT Support Specialist

National Council for Persons with Disabilities | Nairobi, Kenya | Oct 2020 - Dec 2024

- Developed accessible knowledge management interfaces using HTML, CSS, JavaScript and jQuery; integrated REST APIs with internal services and external systems.
- Translated stakeholder requirements into technical specifications and maintained API and architecture documentation. Improved website load times by 30%.

Web Developer Intern

The Judiciary, Karatina Law Courts | Karatina, Kenya | May 2022 - Aug 2023

- Developed responsive case management interfaces and integrated backend APIs for data retrieval and submission.
- Debugged front-end issues and used Git in collaborative Agile development.

EDUCATION AND PROFESSIONAL DEVELOPMENT

- **Bachelor of Science in Information Technology** | Multimedia University of Kenya | 2023
- Professional development: AWS Cloud Practitioner Essentials; Agile/Scrum methodologies.
